8th and Market Space.

Committed to the Reform School.

Frank Walsh, the young orphan and blind man's guide, who was arrested yesterday by Policeman Simpson, of the First precinct, charged with the larceny of a pocketbook belonging to Mrs. Margaret Nolan-Martin, from the choir loft of St. Patrick's Church Thursday afternoon was arraigned before Judge Kimball this morning and entered a plea of guilty to a charge of petit larceny. Walsh, it is alleged, secured \$2.50 and a check for \$20, which were contained in the pocketbook. The police recovered the check and the money. Judge Kimball ordered Walsh committed to the Reform School during his minority.

O! LISTEN TO THE BAND.

"Cubla John" Band of 21 Pieces, Composed of Members of

Machine Band and other high-class musicians, in grand concert at "the bridge" every afternoon and evening. See the scenic railway. Rough element not allowed.

Only \$1.25 for 24 bottles.

## If You Need a Tonic "Culmbacher"

BEER will make you well and keep you well. It gives vim and strength to the entire system. Helps the digestion. Sharpens the appetite. Brings sound, refreshing sleep.

Washington Brewery Co.,

14th and F Sts. N. E. Phone 2154.

## THE NEW SCHOOLHOUSES

Sites Recommended for Buildings in Two Divisions.

General Spear Reports to the District Commissioners in Favor of a Location at Washington Heights, Another Near Overlook Inn, and a Third at Kenilworth—Other Affairs.

The District Appropriations bill, approved June 6, 1900, provides for the purchase of several sites and for the erection thereon of new school buildings. Among these is an item of \$20,000 to pay for the site and to start the construction of a new eight-room school building at Washington Heights, the total cost of which is not to exceed \$50,000.

Other clauses of the bill provide for the purchase of a site and the construction of a four-room building at Petworth, at a cost of \$25,000; for a four-room building and site for the Eighth division (Twining City), at a cost of \$20,000, and for a four-room building and site at Kenilworth, at a cost of \$18,000.

Pursuant to these provisions the Commissioners requested General Ellis Spear to recommend to them two sites for the said buildings which should, in his judgment, be best suited to the purpose, with reference to the location and to the accommodation of the population surrounding the same. In his reply General Spear says:

"In accordance with your directions, I have examined the locations in the Seventh and Eighth divisions, going personally over the ground, though previously familiar with them. The country schools are difficult to locate by reason of the scattered population, but after careful consideration I recommend for the building on Washington Heights a site located between Eighteenth and Nineteenth Streets and Wyoming Avenue and the Columbia Road. For the school building at Petworth I recommend a site bounded by Richmond Street, Illinois Avenue, Rock Creek Church Road, and Brightwood Avenue, preferably keeping away from Brightwood Avenue itself.

"For the four-room building in the Eighth division, designated in the original bill for Twining City, but as finally passed without other designation, I am of the opinion that Twining City is not a favorable location for a public school building. There is a rented building there and thirteen scholars. The building near Good Hope is an old two-room building, full, and on a bad site. It could be used for cooking and manual training advantageously. In my judgment a new building would best accommodate all the people in that vicinity if located somewhere near the intersection of the roads in the neighborhood of the Overlook Inn.

"For the school building at Kenilworth I recommend a site on the Anacostia road in that part of the village nearest the city, as the village is near the District line and there is a scattering population on this side of Kenilworth.

The information thus received has been noted by the Commissioners, and will be used by them in the final decision of the sites in question.

The Commissioners issued an order this morning for the appointment of four special policemen for duty at the street railway crossings which have recently been made permanent roads. Those appointed are George H. Peniston, Alfred J. Follock, John D. Hurry, and Tobias Tolbert, Jr. These men were chosen from a large number of applicants who were showing the names of about 600 men who sought positions in connection with these four positions.

These appointments, with those made in the garbage service, close two divisions of places in the city of the Commissioners, and there will be no further appointments to either, except as the cause of death, permanent disability, or removal.

The special policemen appointed went on duty this morning at 10 o'clock.

Bids were opened at the District Building at noon today for crushing stone for improving Connecticut Avenue, and for a site for the new stationhouse north of Florida Avenue.

The bidder crushing stone at the District quarries near Dickinson, Md., were the Sand, Lime and Stone Company, of Baltimore, Md., and J. C. Regan & Co. Those submitting proposals for the improvement of Connecticut Avenue were G. B. Miller and Andrew Gleason.

For constructing an arch bridge over Rock Creek on the line of Massachusetts Avenue, the bidders were granted until Wednesday, June 14, to submit proposals. The bidders were the Crawford Paving Company and the Brennan Construction Company.

Those offering lots for the site of the new stationhouse near the District Building, near the corner of St. Patrick's Avenue, were Louis A. Faber, E. P. Swartz, Stone & Fairfax, Charles A. Shiel, C. C. Duncan, S. B. Barron, Cash Bros., Howard Gibson, F. E. Park, Price & Gibson, and R. W. Walker & Son.

### A FIREMAN'S LOSS.

Says a Thief Took a Large Sum From Him.

It leaked out today that the police are diligently at work investigating a robbery which occurred at the house of Truck D Company, near the corner of New Jersey Avenue and M Street northwest, some time between the 24 and 25th days of the present month.

The victim of the robbery is Peter R. Davis, a fireman, and what was stolen from him included \$288 in cash, a check for \$18,000, a receipt for a \$5,000 policy on the Washington Gas Company, and several other valuable papers.

The money and papers were stolen from Davis' trunk, which was in the office of the truck house.

Detected Helan and McNamee have been assiduously at work on the case. Every effort was made to keep the affair quiet, as it savored of scandal, but it leaked out this morning and the police, when approached concerning the robbery, confirmed the report.

No clew to the thief has been discovered.

MAJOR REED GOES TO CUBA.

He Will Study Yellow Fever for Perhaps a Year.

Major Walter T. Reed, chief of the Army Medical Museum, will leave on the 21st of this month for Havana, where he has been detailed by the War Department to investigate the subject of yellow fever in that city and throughout Cuba.

Major Reed will, it is understood, remain in Havana for a lengthened period, perhaps a year or more, and will during that time make the most rigid and minute investigations into the causes and prevention of the dread tropical disease.

Disappointment at Valley Forge.

VALLEY FORGE, Pa., June 16.—There was no military demonstration here today on the occasion of Field Day. The Second and Third Regiments, National Guard of Pennsylvania, had planned to be here, together with Brigadier General Schall and his staff, but owing to a hitch in the matter of transportation the orders for the movement of the soldiers from Philadelphia were countermanded last night. It is a matter of great disappointment to those having the Field Day exercises in hand as well as many people who expected to visit this historic spot and who looked forward to the military display as the big feature of what promised to be a notable occasion.

Damages for the Loss of a Log.

LEXINGTON, Va., June 16.—W. D. Dudley has been awarded \$7,000 at Buena Vista in his suit for \$10,000 against the Virginia Iron, Coal and Coke Company for the loss of a log while attempting to couple logs in the furnace yard there.

## CENSUS OF THE DISTRICT.

Local Enumeration to Be Completed on Monday.

The local census enumeration is now nearly completed. At the close of business today about 100 districts out of the entire 151 into which the city was finally subdivided will have been enumerated and the others will all probably be finished on Monday within the fifteen days allowed by law. Last night the count of seventy was completed.

Supervisor Dugan is willing to state that the average increase throughout the district completed indicates a satisfactory growth in population, wealth, and education, but he is prohibitive by the census regulations from giving any specific estimates or figures. The total, or even the approximate figures may not be given out by Superintendent Merriam for some time. Superintendent Merriam, in a casual conversation a few days ago, made an off-hand estimate of the increase in the population of the District, not considering that on the subject he was giving his own rules. He insists that he was more surprised than anyone else to see himself in print on the subject. His data for making the estimate was of the most meagre description and he does not pretend that the figures are likely to be anything like accurate.

### ALLEGED THIEVES DETECTED.

Two Men Arrested Charged With Robbing a Livestock Dealer.

Preston Tierney, twenty years old, a driver in the employ of William F. Downey, a livestock dealer, was arrested and locked up about 8 o'clock last night by Detectives Browne and Flather, and are held on charges of grand larceny, involving property to the value of about \$500, stolen from Mr. Downey.

The arrests are the result of several days work by the detectives who were detailed to clear up what appeared to be a systematic robbery. The thefts are said to have been going on for several weeks, but Mr. Downey did not suspect that he was being robbed until early in the present week when he reported the matter to the police.

Since the report of the robbery Detectives Browne and Flather have recovered two sets of harness, one valued at \$125 and the other at \$75, a portion of a set of harness, four mackintoshes, four liveries, two rubber coats, a pair of driving reins, a rubber storm robe, a quantity of chains, and minor articles. The total value of which it is said will easily reach \$500. A quantity of other property stolen from Mr. Downey has been located and will be recovered this evening or tomorrow. Another arrest is expected to follow.

The police say that Tierney and Richards have confessed their guilt and have implicated others. The prisoners, John D. Richards, twenty-two years old, a colored hackman, were arrested and locked up about 8 o'clock last night by Detectives Browne and Flather, and are held on charges of grand larceny, involving property to the value of about \$500, stolen from Mr. Downey.

It is said that Tierney took advantage of his position with Mr. Downey to systematically rob his employer with the aid of Richards. All of the stolen property was sold at a sacrifice and generally the men owning their own teams were the purchasers. It is also said that Tierney, while drinking would occasionally give a hackman a mackintosh or livery coat. Several of the coats of the mackintoshes were recovered from hackmen. It is expected that both men will be arraigned in the Police Court Monday morning.

### FINED FOR SUNDAY SHAVING.

Barbers Taxed for Making Men's Faces Look Better.

Mevin E. Meyers, George H. Hodges, and John E. Swanson, proprietors of barber shops at the Raleigh, Willard, and Johnson hotels, respectively, were the defendants before Judge Scott this morning on charges of keeping their shops open on Sundays in violation of law. All entered pleas of not guilty and Swanson, through his attorney, Albert Silvers, asked for a continuance, which was granted until Wednesday. Meyers and Hodges were ordered to pay fines of \$20 each or serve sixty days in jail. The fines were paid.

Policeman Oriant was complaining witness against the barbers.

### LATE ARMY ORDERS.

The following Army orders were issued yesterday:

By direction of the Assistant Secretary of War, Private William A. McClosky, Hospital Corps, Army General Hospital, Washington Barracks, District of Columbia, is detailed as acting hospital steward. He will be sent to Fort Columbus, N. Y., and will report upon arrival to the commanding general, Department of the East, for assignment to duty abroad the transport McClellan.

By direction of the Assistant Secretary of War, Private Charles P. Doyle, Battery A, Fifth Artillery, Fort Hancock, New Jersey, is transferred to the Hospital Corps. He will be sent to the Army General Hospital, Washington Barracks, District of Columbia, and will report upon arrival to the commanding officer for duty.

By direction of the Assistant Secretary of War, Private Walter W. Tomlin, Hospital Corps, Army General Hospital, Washington Barracks, District of Columbia, is discharged from the Army, by way of favor, by the commanding officer of his station.

Saddler Charles F. Bailey, Troop D, Sixth Cavalry, now on furlough in this city, is transferred to the Third Cavalry as a private. He will be sent to Fort Meyer, Virginia, and will report upon arrival to the commanding officer for assignment to a troop stationed at that post.

Search for a Child's Assailant.

PHILADELPHIA, June 16.—Onk Lane continues in a ferment of excitement over the brutal attempted assault upon eleven-year-old Lulu Yost, which was committed Thursday by an unknown colored man within a stone's throw of the child's home. The search for the child's assailant was continued yesterday, but was without success. On Thursday night the Citizens' Improvement Company of Onk Lane held a meeting, at which a reward of \$100 was offered for information leading to the arrest of the girl's assailant, and yesterday T. Henry Ashbury, a resident of Onk Lane, offered an additional reward of \$100. A colored man giving the name of Frank Brown, who was arrested near Manayunk on suspicion of having been the assailant, was discharged from the Norfolk Hotel, where he had been kept in custody, after being viewed by Lulu Yost yesterday. The girl died yesterday that the man was not her assailant.

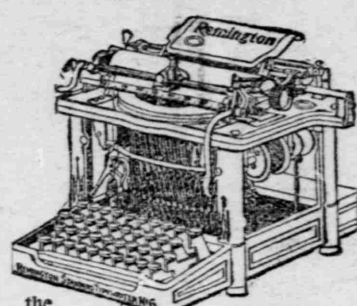

Dies in a Fit of Anger.

WATERFORD, N. J., June 16.—John Chard, an old hermit of Chesilhurst, dropped dead in Clarence Hoag's berry house at this place while in fit of rage caused by the teasing of an Italian boy. The boy, who is a nephew of Francesco Abbato, who was hanged recently in Camden, for the murder of General De Feo, struck Chard with a broom handle, whereupon the latter staggered and shook him. Suddenly Chard staggered and fell to the floor. He died a few minutes.

Chard was an Englishman, who lived in a pretty cottage in the wilds of Chesilhurst for fifteen years, and of whom little is known.

Keep Cool Sunday by ordering a case of Brewster's famous "Diamond" or "Mouchoir" Beer, made in best imported Bohemian style. 2 doz., \$1.25. Write or phone 222. Also on sale everywhere.

### THE MARYLAND STRIKE.

One Small Operator Yields to the Miners' Demands.

PIEDMONT, W. Va., June 16.—"Mother" Jones and Organizer Thomas Hagerty addressed over 400 persons here yesterday night from the platform of J. C. Orrick & Son Company's warehouse. Rain broke up the meeting, but both gave notice that another meeting would be held soon to champion the Georges Creek striking coal miners. Quite a number of women attended the meeting.

CUMBERLAND, Md., June 16.—Organizer William Warner, leader of the Georges Creek strike, has stated that an agreement had been made with M. T. Gannon, who operates a mine near Westernport, whereby he is to pay his mine 60 cents a ton for coal. The organization is rejoicing over this first victory. The mine is one of small veins, with an output of two or three cars a day. Mr. Gannon's holdings also embrace a portion of the Big Vein.

The Davis Coal and Coke Company denies the report attributed to Organizer Warner, that it will pay 60 cents a ton. Its men promptly accepted 50 cents and are thoroughly satisfied.

### SEARCHING FOR ELOPERS.

Poor College Student Runs Away With a Wealthy Girl.

LEWISBURG, Pa., June 16.—Two detectives came here today from Deposit in search of clues as to the whereabouts of Edward Carlin, aged twenty years, a student in Bucknell University, whose elopement with a prominent Deposit girl last Wednesday has just come to light. Carlin left school last Wednesday without taking his examinations, stating that he was going to South Carolina to accept a position.

The officers refuse to give the girl's name on account of the prominence of her family, which is wealthy. Carlin, whose home is in Binghamton, N. Y., is in moderate circumstances. By arrangement with the young woman came here from Deposit last Sunday and met Carlin, who passed her off as his sister. She stayed in Milton until Wednesday, when she came to light. Carlin left school last Wednesday without taking his examinations, stating that he was going to South Carolina to accept a position.

### TERMINAL TAX DECISION.

Chicago Judge Rules That the Stockyards Tariff Is Just.

CHICAGO, June 15.—The United States Court of Appeals has affirmed Judge Kohlman's decision that the terminal tax imposed by railways at the stockyards is reasonable and not excessive.

The legal fight was made by the Interstate Commerce Commission against the terminal charges of \$2 imposed by railroads on carloads of live stock entering the stockyards. Judge Kohlman held this tax to be reasonable some months ago, inasmuch as the companies are charged for the use of the tracks within the stockyards. Prior to 1893 there were no charges for the use of these tracks, and later, when roads were compelled to pay track-rates, they fixed an extra charge on the shippers.

The Interstate Commerce Commission will appeal the case to the Supreme Court of the United States for final decision.

### A Tropical Fruit Enterprise.

The fruit importing trade of Newport News will soon be revived by a gigantic concern which has just been organized at St. Louis and incorporated under the laws of Maine to fight the fruit trust. The concern is the Tropical Fruit and Steamship Company. It is capitalized at \$500,000.

### A LIFE AND DEATH FIGHT.

Mr. W. A. Hines, of Manchester, Iowa, writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery, which wholly cured me. I have used it on my advice, and it has never failed to cure throat, chest, and lung troubles." Regular size, 50 cents and \$1. Trial bottles free at Henry Evans' drug store, 922 F Street.
